
The Women's Involvement Ministry runs on a February through October year.

Women sign up for a 3 month stint for one of up to eight ministry teams and rotate to another team with different women every 3 months.

Each ministry team works on a monthly ministry project, while studying the team's biblical namesake, which include Esther, Phoebe, Sarah and more...

"The town of Joppa was the home of Dorcas, a New Testament Christian who ministered to the poor and needy" Dr. Hebert Lockyer further stated, "...for there flowed out of that little city of Joppa a multitude of benevolent and charitable organizations in which women have been prominent"

All the Women of the Bible (Zondervan)

Some of the changes I noticed in my church and communicate as a result of Joppa:

*We went from five women "doing" women's ministry to 50. That's right 50! Out of a church with attendance that averages around 600 per week, 60 women attended the vision casting meeting for this new idea and 50 signed up.

*This "Joppa Nite" received so much attention in our community, that the local newspaper featured a story about it. We became known as a church where women and their ideas felt welcomed and encouraged.

*Ten new ministries began in our church as a direct result from the impact of this women's ministry. It helped others – men, senior adults – feel emboldened to charter new ministries.

*Our Women On Mission Ministry tripled.
